About Me

A UX/UI Designer with experience in designing user-centered web and mobile products. I focus on UX research, user flows, wireframing, and high-fidelity UI design, ensuring usability and visual consistency across platforms. With a frontend development background, I work closely with developers to create practical, scalable, and well-structured design solutions that align with both user needs and business goals.

Skills

- UX/UI Design
- Wireframing & Prototyping
- Design Systems & Visual Consistency
- Information Architecture
- Usability & UX Principles
- High-Fidelity UI Design & Micro-Interactions

Soft Skills

- Problem-Solving
- Attention to Detail
- Communication
- Team Collaboration
- Willingness to Learn

Design Tools

- Figma
- Miro
- FigJam
- Canva

Education

Bachelor of Computer Science (Business Information Systems)

University of Computer Studies, Mandalay

2019 - 2025

Studied focus on Human-Computer Interaction (HCI), user-centered design principles, software development, and business information systems. Gained practical experience in designing intuitive interfaces and understanding user behavior for digital products.

Certificates

- Basic to Advanced User Experience and User Interface Design (**UXcellence**)
- Google UX Certificate (**Coursera**)

Experience

Frontend Developer (Freelance)

2020 - 2024

- Developed web applications and landing pages using HTML, CSS, JavaScript, and responsive design principles.
- Gained practical experience in understanding application flows, technical feasibility, and integration with design systems.
- Contributed to projects that emphasized user experience, combining development skills with design thinking.

Fusion Solution

Junior UX/UI Designer

2024 Jan - Present

- Designed user-centered web and mobile interfaces, including wireframes, prototypes, and high-fidelity UI screens.
- Conducted UX research, user journey mapping, and usability testing to improve product experiences.
- Worked closely with developers to ensure designs were technically feasible and aligned with business goals.
- Created and maintained design systems to ensure visual consistency across projects.
- Contributed to external projects for clients in Thailand, including LH Bank and DGA.
- Contributed to an application that won Silver Award at ASEAN Digital Awards 2026 for Digital Innovation, recognized for outstanding UX/UI design and creative problem-solving.
